MANY DEMOCRATS

Sign Petition in Bourbon For Pardon of Caleb Powers—15,000 Names From Bourbon

Two of the five petitions requesting Governor Willson to pardon Caleb Powers, which have been circulated in Bourbon county, have been returned filled with signatures, 75% of whom are Democrats.

A like petition for the women of the county to sign has been prepared and left at the Paris Book Store, where daily many women stop and attach their signatures.

It is said that fully fifteen thousand people of the county will sign the petition requesting executive clemency for the noted prisoner.

In Mason county probably 2,000 names have been secured to the petition to free Powers by executive pardon, but very few Democrats are enrolled thus far.

There are 120 signatures on the petition at THE PUBLIC LEDGER office, several of whom are prominent women of Maysville.

Strange to say, there is but one Democrat, so far, to sign the petition.

FOR PRESIDENT,
WILLIAM H. TAFT,

FOR VICE-PRESIDENT,
CHARLES E. HUGHES,

ATTORNEY GENERAL BONAPARTE announces that there will be no prosecution of coal carrying railroads until the Supreme Court passes on their right to own mines.

If a United States Senator of the caliber of such a Democrat as Senator COMBS, or Lexington, is to be the result of the Frankfort fight, we say give us BECKHAM. Better BECKHAM than some twofer or ward heeler.

BECKHAM'S doom is sealed. WILLIAM JENNINGS BRYAN will be in Frankfort today to plead with the bolters to support Mr. BECKHAM. The Bryan hoodoo is the most fatal proposition that anybody ever went up against.

An interesting incident occurred at Frankfort last Friday when Governor J. C. W. BECKHAM and Governor W. O. BRADLEY posed together for a picture. The two ex-Governors and Senatorial candidates were the center of interest as they stood together in front of the camera.

MEMBERS of the General Assembly should bear in mind that the session lasts only 60 days, and tempus is fugiting a little bit every minute. The "nothing doing" sign is already nailed up on the State House door, and when the curtain goes down at the end of the 60 days, what will be accomplished?

"The Holy City" at the Opera-house last night was quite a strong attraction in that class of productions. The company was a very good one and the difficult parts were in capable hands.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. WOMAN'S BACKACHE

The back is the mainspring of woman's organism. It quickly calls attention to trouble by aching. It tells, with other symptoms, such as nervousness, headache, pains in the joints, weight in the lower part of the body, that a woman's feminine organism needs immediate attention. In such cases the one sure remedy which speedily removes the cause, and restores the feminine organism to a healthy, normal condition is

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

Mrs. Will Young, of 6 Columbia Ave., Rockland, Me., says: "I was troubled for a long time with dreadful backaches and a pain in my side, and was miserable in every way. I doctored until I was discouraged and thought I would never get well. I read what Lydia E. Pinkham's Vegetable Compound had done for others and decided to try it; after taking three bottles I can truly say that I never felt so well in my life."

Mrs. Augustus Lyon, of East Earl, Pa., writes to Mrs. Pinkham: "I had very severe backaches, and pressing-down pains. I could not sleep, and had no appetite. Lydia E. Pinkham's Vegetable Compound cured me and made me feel like a new woman."

FACTS FOR SICK WOMEN. For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration.

COLONEL BRYAN will never have to worry about what is to become of ex-Presidents.—Philadelphia Press.

BILL TAFT stands not only for everything that ROOSEVELT stands for, but everything that BILL TAFT stands for, too. And it takes a mighty big man to stand for two such big men.—Portsmouth Blade.

THE United States Government has just arranged for the erection near Washington City of a huge hydrogen plant for the manufacture of hot air for balloons and other aerial craft. What a magnificent opportunity is thus afforded one WILLIAM JENNINGS BRYAN to inflate his mental gas bag at regular intervals.

ANYHOW, ex-Governor BECKHAM, personally, must be a most pleasing gentleman. He has unfailing good nature, cheerfulness and tact; besides, he has the most intuitive and masterful skill in handling and understanding men and measures. What a pity such a man cannot control other essentials as well and enjoy the perfect confidence of his entire constituency. There is something pathetic in BECKHAM'S Senatorial contest, and it's almost a pity that he faces defeat. But he lacks one great dissideratum, and that is he don't think the voters are as smart as they really are. The most brilliant mind of all is the composite mentality of united public opinion. The ex-Governor has been too busy to think of a little thing like that.

A NATURAL INFERENCE.

MANY INFLUENTIAL PEOPLE ADOPT NEW THEORY

Statements from Followers of Cooper Obtained Recently in Various Cities.

A number of statements from prominent people located in various cities where the widespread discussion over L. T. Cooper's new theory regarding the human stomach has recently waged, give an idea of the intense interest the young man has aroused during the past year. The statements are as follows:

Mr. C. D. Mitchell, of 2412 Avenue C, Birmingham, Ala., has this to say with regard to his belief in Cooper's medicine: "I have been troubled with indigestion and stomach trouble for the past year. I had heartburn, bloating after eating, gas on stomach and bowels, palpitation of the heart, pain in the lower part of my back, and various other symptoms, and was a victim of much distress. I tried many remedies, but received little or no benefit from them. I was advised to try the Cooper preparations, and did so. In one week's time I was improved wonderfully—the first relief I had been able to obtain. Mr. Cooper's medicine does all he claims for it."

Mr. J. O. Spradling, of 705 South Tejon Street, Colorado Springs, Colo., says: "I was troubled with indigestion for two years. It caused me a great deal of suffering and misery. I did not dare to eat meat at all, and everything I did eat soured on my stomach. I tried various remedies, but found no relief. Three months ago I started taking Cooper's New Discovery, and after using the contents of three bottles I was entirely cured. I can now eat and relish anything that my appetite craves. The New Discovery truly a great stomach medicine."

Mr. Wm. Codler, of 408 Gray Street, Syracuse, N. Y., is very strong in his expression of belief in the medicine, and has the following to say on the subject: "I have suffered from catarrh of the nose and throat for 15 years. It must have been communicated to my stomach, for all this time my stomach has given me a great deal of trouble, and caused me much pain and suffering. My stomach was often sour, and my food did not digest. I was bothered by a continual desire to spit, and there was a constant dripping of mucus into the throat."

"The first relief I have been able to obtain is from Cooper's New Discovery, which I have been taking for about a week. My catarrhal condition has been greatly improved and my stomach is almost well. Mr. Cooper's medicine has benefited me more than anything I have ever used."

"These statements are from reliable citizens in various communities who have tried these celebrated medicines. We sell them and will gladly explain their nature to any one interested. J. Chenoweth."

TAXED OUT

The Big Metropolitan Life Insurance Company Quits Maysville

The great Metropolitan Life Insurance Company of New York which is building the tallest building in the world and pays its President a salary of \$100,000 a year, Monday pulled up stakes and abandoned its Maysville agency. It is openly announced that the step was taken on advice from New York owing to the fact that on January 1st the City Council of Maysville increased the license from \$30 to \$100 per year.

Although the company had quite a large business in Maysville and an office force of half a dozen persons, and occupied handsome quarters in the Cox Building, yet the step was abruptly taken and the temporary agency will be established at Ripley.

Mr. Edward R. Dickerson of Paris was manager of the Maysville agency and his many friends in Maysville regret exceedingly that he will be with us no more.

Mr. H. C. Burk, assistant to Mr. Dickerson here, goes to Ripley as assistant.

Agents W. H. Lynch, H. M. Wilson, John C. Manion and Charles Reed, and the stenographer, Miss Lizzie Hamilton will remain in this city.

Just what the outcome will be, as regards the thousand policy holders here, will be watched with interest.

This gives the Western and Southern a monopoly of the local field in Maysville.

WILLIAMS & CO., DRUGGISTS.

Did you observe the life and stir in their store the few weeks just past? It meant something to their business—reaping as they had sown; it meant more to their customers, as they got more goods and better service for their outlay than ever occurred to them before. Our courage heights and we now are opening up new lines of goods that speak more for the buyer than can be expressed in a mild talk. What choice stationery? You have long been wanting such nice boxes of paper as we now give you for 25¢ in a grade that should bring 50¢ a box. Well, the choice line of Talcums, Toilet Powders and Tooth Preparations go beyond anything ever carried in this community. And didn't you ask where to get Souvenir Postals? Then come where you can get anything and everything you fancy in that line. We are in the front.

To Public Ledger Subscribers.

The United States Postoffice Department has issued a ruling that after January 1st, 1908, subscribers must actually ORDER the paper every year or the paper cannot be mailed to them at second class rates. The order reads as follows:

OFFICE OF POSTMASTER GENERAL, WASHINGTON, D. C.

Order No. 907.

"Ordered, That the postal laws and regulations be amended, effective January 1st, 1908, as indicated below.

"Amend Section 434, paragraph 5, postal laws and regulations, to read as follows:

"5. Extra additions of a publication admitted as second-class matter manifestly issued for the purpose of communicating additional news and imparting information germane to the publication but received too late for insertion in the regular issue will be accepted at the second-class rates, provided the same are not issued for advertising purposes."

"Amend Section 436, postal laws and regulations to read as follows:

"2. The right of a publisher to fix the price of his publication or to induce subscriptions by the giving of premiums, prizes or other considerations, or by clubbing his paper with other papers, or by commissions upon subscriptions obtained by agents, is not questioned, but such methods will be carefully scrutinized in respect of their effect upon the legitimacy of the subscription list as a whole and upon the question of the primary design or the publication."

"3. A reasonable time will be allowed publishers to secure renewals of subscriptions, but unless subscriptions are expressly renewed after the term for which they are paid within the following periods:

Dailies, within three months;

Tri-weeklies, within six months;

Semi-weeklies, within nine months;

Weeklies, within one year;

Bi-weeklies, within three months;

Monthly, within four months;

Bi-monthlies, within six months;

Quarterlies, within nine months.

they shall not be counted in the legitimate list of subscribers, and copies mailed on account thereof shall not be accepted for mailing at the second-class postage rate of one cent a pound."

Thus, every subscriber to THE DAILY PUBLIC LEDGER will understand that it is not optional but mandatory for the publisher to comply with the order of the Postoffice Department by strictly adopting the cash-in-advance rule as prescribed in the above cited regulations.

Therefore beginning on February 1st, 1908, no copy of THE DAILY PUBLIC LEDGER will be sent to any mail subscriber who is delinquent for more than three months, and when any subscriber is behind three months or more such subscriber will be dropped and the paper discontinued.

The advance in paper supplies, type, wages, etc., has been so enormous that publishers must at once seek means to protect themselves, or ruin stares them in the face. Fortunately, we have very few delinquents now on our subscription books, and we trust that our patrons who are on the delinquent list will understand the order printed above and at once pay in advance so that if they wish their paper to continue they will not miss a leaf.

Please note the date on your paper, showing when your subscription expires, and be governed accordingly.

We now respectfully request that if you are behind with your subscription that you will at once remit the whole amount due, so that all accounts can be wiped off our books.

Those not complying with this request will have their accounts placed in the hands of an attorney for immediate collection.

Remember, no DAILY PUBLIC LEDGER will be mailed to any subscriber, if delinquent or not paid in advance, after February 1st, 1908, and hereafter every subscription will be promptly stopped at expiration of time paid for.

Thanking every one of our patrons for their kind and continued support we are—

Sincerely and respectfully

Arthur J. Sullivan.

What Drugs Are Pure?

Do you know? Does your neighbor know? Have you ever talked with anybody not a doctor or druggist who did know?

We Know!

When we tell you that every drug that we use in our prescription work or in putting up any medicines is pure we know that we speak the truth. No guessing at it. We test our drugs and know that they are pure. Remember this when your next prescription is ready to be filled.

THE NORTHWESTERN MUTUAL LIFE INSURANCE COMPANY

Not only sells the BEST and BROADEST contract, but returns LARGER dividends and therefore insures at a LOW net cost. The new 1908 policy of THE NORTHWESTERN is a marvel of completeness. It covers as many of life's contingencies, probable or possible, as can be met by money. It is like a will, except that it provides the state that it distributes. It contains large Loans and Cash values. It provides Automatic Paid-up or Extended Insurance, and for Reinstatement at any time within FIVE YEARS after lapse.

NO OTHER company offers as many or as varied OPTIONS of settlement, under ANY or ALL of its policies combined, as THE NORTHWESTERN offers under its ONE policy.

SUITS COMPROMISED

**Fleming Line Settles Damage Claims
and Forecloses Action**

All of the suits pending against the Cincinnati, Flemingsburg and Southeastern Railroad Company have been compromised.

There were over \$200,000 in damage suits pending against this road, nearly all of which were filed as the result of a trestle falling down between Flemingsburg and Hillsboro on May 10th last, killing three passengers and injuring a number of others.

The Columbia Trust Company, as trustee, on behalf of the bondholders of the road, had filed a suit to foreclose their mortgage, amounting to \$28,500.

The suit was compromised by the road paying a sum amounting to about \$13,000 in the aggregate. The principal stockholders of the road are S. S. Bush, Atilla Cox, Sr., and Atilla Cox, Jr., of Louisville.

SPECIAL COMMISSION

Legislature Will Take Commendable Action to Repair Monuments Over Noted Kentuckians

Introduction of a resolution into the House of Representatives at Frankfort will be made in a few days providing for the appointment of a special committee to investigate the need of repairing and erecting new monuments as memorials to Kentucky's famous dead, among them Henry Clay, Zachary Taylor, Isaac Shelby and Daniel Boone. Representative William H. Markolf of Louisville will introduce the resolution.

The need of repairing the monument at Lexington to Henry Clay is shown in photographs and reports sent out by the Grand Lodge of Free and Accepted Masters of Kentucky to the various Senators and Representatives in the General Assembly. The statue was struck by lightning several years ago and the head and shoulders shattered. Should a severe storm come up the entire sarcophagus and the whole monument would be endangered, and possibly totally wrecked.

NEGLECTED PIECE OF STONE.

The monument to Zachary Taylor, near Louisville, is a neglected piece of stone, almost in ruins. At Frankfort stands an insignificant sandstone shaft, as a memorial to the memory of Daniel Boone, Kentucky's pioneer. But probably most neglected of all is the grave of Isaac Shelby, Kentucky's first Governor, near Danville. Over the grave is a tomb of stone which is now rapidly crumbling to dust.

Congressman Owens Stanley has a new son, born at Henderson Saturday—his second boy.

The Maysville Ice Factory put in a new boiler in the engine room of the plant last week and in order to get a first-class job sent to Cincinnati for B. W. Tolle to do the work.

The gage marks 10.5 and falling.

The Jim Wood got as far as Hurricane Island, above Paducah, with her tow of empties and then had to return to that port to repair a boiler. She has been having more than her share of hard luck.

The packet Madison landed at Louisville a few days ago with 50,000 pounds of sassafras from Bethlehem, Ind., which was delivered to the Kentucky Oil Company. The roots are boiled in huge vats by the company, and the oil derived therefrom is used in making medicinal compounds.

The Pittsburgh harbor is again cleared of her stores of coal. Among the late boats to pass down are the Sam Brown with twelve boats and eight barges, the Raymond Horner with sixteen boats, one model and two barges; the Exporter with seventeen boats and three barges and the Cleaner with sixteen barges.

A movement has been started among Ohio rivermen to have the yachts operated on the river for pleasure licensed. The plan suggested is to have all the launches governed by rules similar to those which now control the operation of steamboats. In this method it is believed many of the accidents of the past resulting through an improper display of signals or ignoring the signals displayed could have been averted. At present the Government inspectors and licensees only the yachts that are used for commercial purposes.

PRONOUNCED HIS CASE INCURABLE

Whole Body Raw with Eczema—
Life was Intolerable—Was Even
Incased in Plaster—Discharged
from Hospitals as Hopeless.

**SUFFERED 14 YEARS
CURED BY CUTICURA**

"From the age of three months until fifteen years old, my son Owen's life was made intolerable by eczema in its worst form. He was all right until a red rash broke out on his forehead, but we were not alarmed at first. Very soon, however, the rash began to spread over his head and shoulders, and it caused him great discomfort. I took him to a doctor and tried half a dozen other treatments, all with the same result: no improvement at all. The disease gradually spread until nearly every part of his body was quite raw. We had to strap him down in bed, for he used to tear himself dreadfully in his sleep. The agony he went through is quite beyond words. No one thought he would rear him. The regimental doctor, a very clever man, pronounced the case hopeless; at least, he said the only hope was that he might, if he lived long enough, outgrow it to some extent. We had him in hospitals four times and he was pronounced one of the worst cases, if not the worst, ever admitted. From each he was discharged as incurable, in fact he got worse under the successive treatments. At one hospital they incised him in plaster, and this seemed to aggravate the soreness terribly. He looked so badly that no one liked to go near him and his life was a misery to him. We kept trying remedy after remedy, but we had got almost past hoping for a cure. Six months ago we purchased a set of Cuticura Soap, Ointment, and Resolvent Pills and persevered with them. The result was truly marvelous and today he is perfectly cured; his skin not having a blemish on it anywhere. Mrs. Lily Hedge, 51, Vaughan Road, Goldharbour Lane, Cambewell Green, Eng., Jan. 12, 1907."

The remains of Dr. J. D. Collins were brought here from Covington today for interment in the Maysville Cemetery. Dr. Collins was a brother-in-law of Mr. M. W. Coulter of West Front street.

How a Maysville Citizen Found Complete Freedom From Kidney Troubles.

If you suffer from backache—
From urinary disorders—
From any disease of the kidneys,
Be cured to stay cured.
Doan's Kidney Pills make lasting cures.
Maysville people testify.

Here's one case of it.
A. W. McClanahan of A. W. and B. P. McClanahan, grocers, at 121 Second street, Maysville, Ky., says:

"I can endorse Doan's Kidney Pills more heartily today than I did five years ago when I told the Maysville people that this medicine had cured me of severe kidney trouble and backache that had bothered me for twenty years and seemed to be growing worse and worse all the time. I repeat that I can more confidently recommend Doan's Kidney Pills, which I procured at J. Jas. Wood & Son's Drugstore, today than I did in my former testimonial because my cure has been permanent and I have had no kidney trouble for nearly five years. As proof that I am a firm believer in Doan's Kidney Pills I will be only too pleased to reiterate the above to any one who may inquire."

For sale by all dealers. Price 50 cents a box; Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.
